FROM 7 TO 17 YO

Learning languages while having fun.

Real classmates and real teachers wherever you are.

Our Online International Summer Camps not only foster your child's development, but also open the doors to global opportunities.

They will develop the most relevant skills for the world they live in: critical thinking, creativity, collaboration and communication, while making international friends.

Classes in the morning, workshops in the afternoon, fun all day long!

We all know it's going to be difficult to travel and meet new people this year. That's why we have created virtual summer camps which combine morning language classes with interesting and interactive social activities, where children from all over the world can come together to learn and have fun at the same time.
